

Dear Little Tooth Keeper,

I have been keeping a little eye on your beautiful smile, and I've noticed that your toothbrush hasn't been getting quite enough use lately!

When a tooth falls out, I carefully inspect it before I add it to my very special Tooth Treasure Collection. 🦷✨ I look for clean, healthy looking teeth that have been well cared for. If your tooth is very dirty, I'm afraid I may not be able to accept it for an exchange. 😬🦋

So please remember to:

- 🪄 Brush your teeth every morning
- 🌙 Brush especially well before bedtime
- ✨ Keep your teeth clean and shiny
- 🎯 Try not to eat too many sweets, because too much sugar can hurt your teeth and cause cavities.

Your teeth are very special, and taking good care of them helps keep your smile healthy and strong!

I'll be checking again soon, so make sure that toothbrush gets plenty of practice! 😊

With sparkly fairy wishes,

🦋 The Tooth Fairy
Keeper of the Tooth Treasure Collection
